● States we are currently serving

## GLOBAL CAPACITY

Powered by seven cutting-edge Italian Breton production lines, Vicostone stands as a global leader, recognized among the largest suppliers of engineered stone countertops worldwide.

## EASILY ACCESSIBILITY

With our continuous expansion plans to open new warehouses and showrooms across 11 Western states, we aim to cater to your every need, where and when you need them.

## VERSATILE SIZING OPTIONS

Vicostone provides Jumbo slabs, measuring 65" x 130", ensuring optimal material yield and seamless installation for large-scale projects. We also offer a cut half slab format for efficient material use, tailored to the specific needs of each project.

## HIGHLY VALUED & RECOGNIZED CLIENT CARE

Our dedicated sales, client service and leadership teams are celebrated by our dealers for their commitment to excellence. They consistently provide exceptional support and outstanding service, making a positive impact in the market.

## UNCOMPROMISING QUALITY

Vicostone offers premium quality and the most durable engineered stone on the market. Our slabs outperform other suppliers in terms of glossiness, hardness and density.

## DISTINCTIVE DESIGN

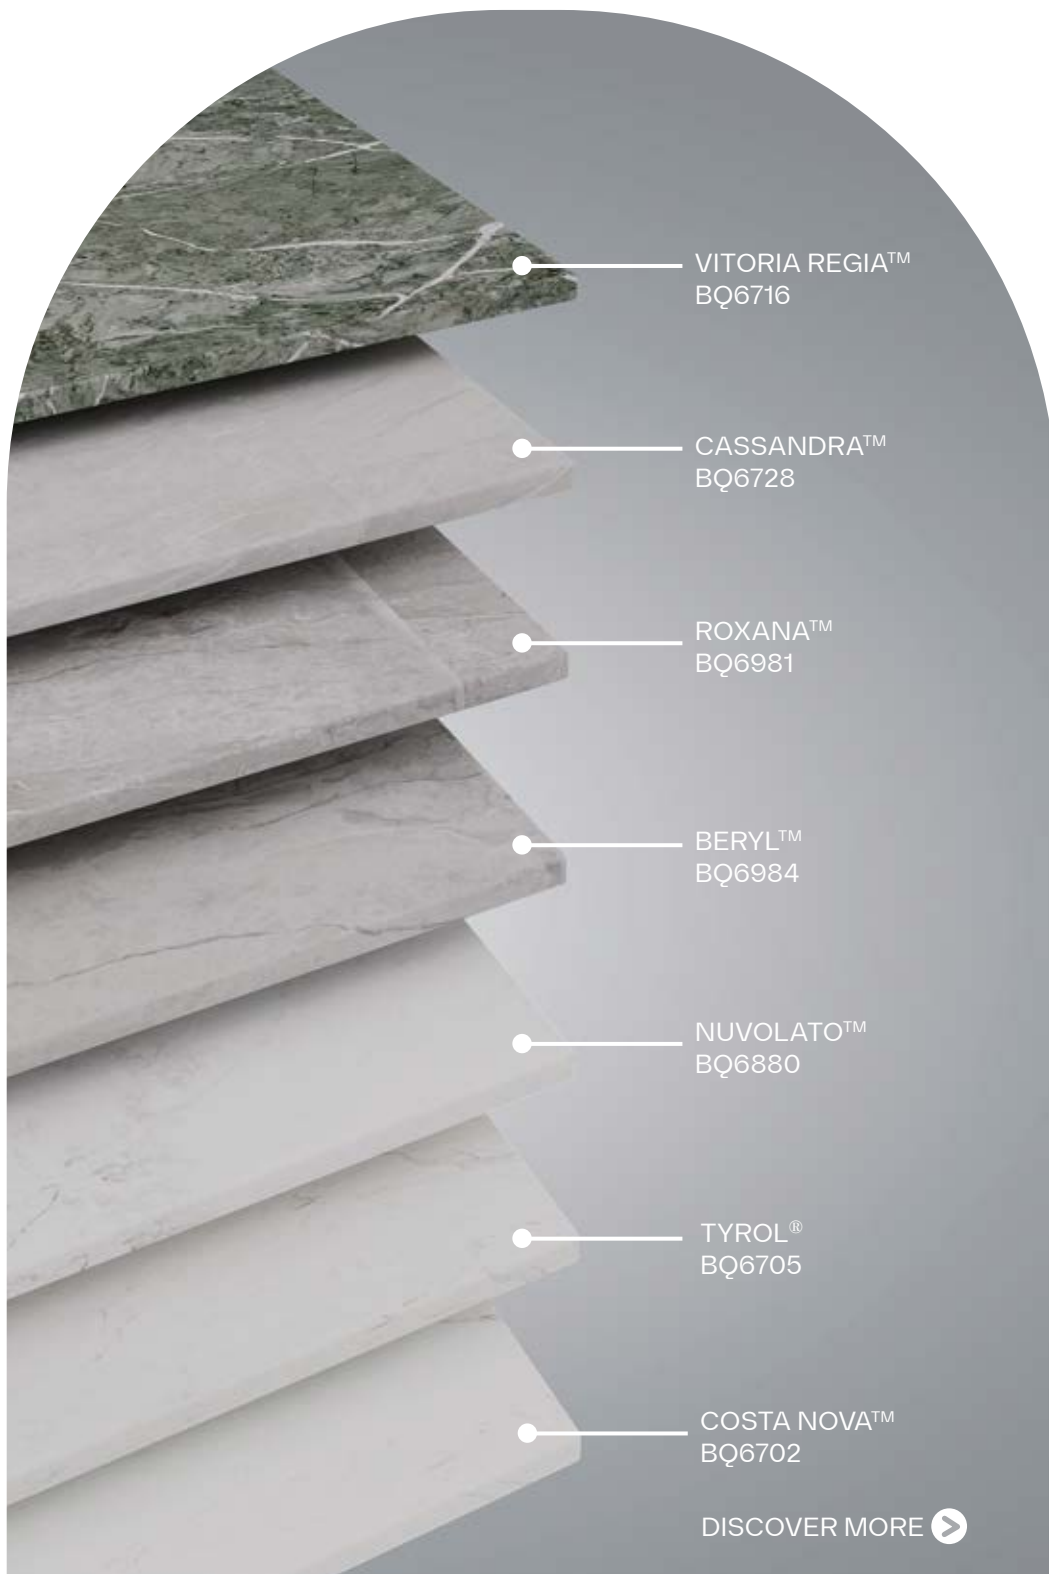

Vicostone offers designs that are both natural-looking and distinctive. We are setting industry benchmarks, inspiring and providing originality which set us aside, giving our clients more options and satisfaction.

## COMPETITIVE ADVANTAGE

Our recent vertical integration of quartz and resin supply chain empowers us to control costs while maintaining stringent quality standards, allowing us to offer competitive pricing without compromising excellence in product outcomes.
